

&

Welcome to the Harmony Katz;

We're a group of men that likes to sing and harmonize. We sing a cappella music in the Barbershop style (4 part harmony with a harmony part, Tenor, above the melody part, 2nd tenor or Lead, the other two parts are Baritone and Bass) and are part of the Barbershop Harmony Society. Earlier this year the men of the Harmony Katz decided to raise their voices to help fight hunger in our community. We are grateful for you joining us tonight, to raise your voice with ours as "We Sing to Feed Them All". Together we can do great things, we can create awareness around this problem in America called hunger, we can raise funds to support charities like the Food Bank of Central NY, that combat this problem and we can create a sense of community here in Central NY, a community that cares.

Our current Chapter (or group) is split into three functional choruses; Platinum, Gold and Combined. Each chorus has separate music to learn and perform for our upcoming benefit show. You are invited to partake in the joys of singing with each chorus. The Gold Chorus however does require an audition upon your third visit while the Platinum and combined choruses are open without any need for audition.

The joy of raising your voice in song and creating music is a magical, almost spiritual experience. Washing away the cares of the day while you sing and harmonize is truly energizing. Then there's the added significance of raising your voice for a great cause, combating Hunger! That together we're Raising our voices in song as "We Sing to Feed Them All" supporting the Food Bank of Central NY which in turns supports many food pantries throughout 17 counties in Upstate NY.

We will be hosting a benefit a cappella benefit show on Saturday November 20th, 7:30 pm at the West Genesee High School in Camillus. Big Mike from Sunny 102 FM and Rick Gary from Bridge Street will be Emceeing. Please enjoy tonight and the weeks that lead up to our show. It will be an incredible journey that will climax with you raising your voice with ours as "We Sing to Feed Them All".

Yours in Harmony;
